ABOUT CRF AND OUR GALA:

The 15th Annual Cristian Rivera Foundation Celebrity Gala will be held on Tuesday, November 12th, 2024, at NYC's #1 rated event space, Cipriani Wall Street in NYC. The goal of the annual gala is to raise awareness and funds for D.I.P.G. research and family support.

The 15th Annual Celebrity Gala will include a full dinner, passed hors d'oeuvres, an open bar, entertainment, awards presentations, celebrity guests, and so much more. The event will also feature one of a kind live and silent auctions offering valuable items and experiences.

Proceeds raised from the 15th Annual Celebrity Gala will go toward the pioneering research and clinical trials of Dr. Mark Souweidane of Memorial Sloan Kettering Cancer Center and Weill Cornell Medical College, as well as the research being conducted at the Mount Sinai Kravis Children's Hospital lab of Dr. Oren Becher, in addition to creating awareness and giving direct financial support to families affected by D.I.P.G.

CRF, a 501(c)(3) not-for-profit organization, was created to stimulate community awareness, drive support, and raise revenue to fund D.I.P.G. clinical trials. To date, CRF has donated over three million dollars (\$3,000,000.00) to support this mission.

Music and business empresario John "Gungie" Rivera created the Cristian Rivera Foundation in July 2009, six months after his six-year-old son, Cristian, lost his two-year battle with the rare brain stem tumor. From the late 80s to the early 2000s, prior to his son's death, he was a dominant concert promoter and nightclub owner in NYC, and he owned a record company under the umbrella of Sony. He is now the CEO of the Rivera Marketing and Media Group.

D.I.P.G. generally affects children between the ages of 1 year and 12 years old. The average lifespan of a child, after diagnosis, falls between 3 and 18 months. Approximately 200 cases are discovered in the United States each year. Currently, there is no cure for D.I.P.G. This rare disease is also the least funded form of cancer in the United States in terms of research and treatment.

Over the last 15 years, through tireless work and dedication from volunteers and generous supporters, CRF has become a beacon of hope and promise for families that are impacted by D.I.P.G., and one of the country's largest donors to D.I.P.G. research. CRF's dedication, coupled with the work of Dr. Mark Souweidane and Dr. Oren Becher, have produced a handful of survivors of D.I.P.G. One of the participants of CRF's partnership clinical trial, Lisha Ayala, has been living with D.I.P.G for an unprecedented 11 years with no tumor growth.

CRF has been awarded a Platinum Seal on GuideStar.org for 7 years and has received the Top-Rated Great Nonprofits Award from Great Nonprofits 7 years in a row, both prestigious awards from two of the most respected organizations in the nonprofits field.

The 15th Annual Cristian Rivera Foundation Celebrity Gala will bring us all together to accomplish one goal: Providing our children an opportunity to fulfill their dreams by curing D.I.P.G.
